

Alberta Court of Justice

Edmonton Criminal Division CCTV at Alberta Hospital

Effective: January 2, 2018

After a successful pilot period, Edmonton Criminal will commence regular CCTV appearances for accused persons located at Alberta Hospital Edmonton, effective January 2, 2018.

Except when the court appearance involves the calling of evidence, a patient with a required appearance in Court will now presumptively appear from Alberta Hospital Edmonton via CCTV unless a Justice directs otherwise. For proceedings, such as a trial, involving the calling of evidence, the presumption will be that patients will be transported to court to appear in person, unless a justice otherwise directs.

Counsel can interview their client by obtaining the unit telephone number directly from the Court Clerk.
